

Proposal for Uniform Management Software for Ambulance Driver Uniform Supply

MSC Qatar, PO Box 23730, Doha – Qatar

Email: adnan.j@msc-q.com

Date: 11-August-2025

Introduction

Ecogo Software Solutions Pvt Ltd proposes the development and deployment of a **Uniform Management Web Based Software** customized for hospitals to manage the supply and distribution of uniforms for ambulance drivers.

The system will smooth ordering, inventory control, user management, and automated notifications via email and WhatsApp ensuring efficiency, transparency, and timely delivery.

- Automate and digitize the uniform ordering process.
- Provide real-time inventory tracking.
- Enable smooth approval and dispatch workflows.
- Maintain centralized driver and uniform usage records.
- Deliver automated order status updates.
- Support Arabic and English languages.

Scope of Work & Key Features

Order Management

- Driver-initiated requests via web or mobile.
- Admin/staff approval workflow.
- Order tracking (Pending, Approved, Dispatched, Delivered).
- Search and filter orders.
- Barcode scanner integration for quick order and inventory processing

Inventory Management

- Live stock tracking by type, size, and location.
- Low stock alerts.

- Stock movement history.
- Consumption reporting.

User Management

- Role-based access (Admin, Store Manager, Driver).
- Driver profiles with uniform size & history.
- Admin control for user creation/editing.

Admin Dashboard Module

- **Centralized Overview:** View total orders, pending orders, stock levels, and user activity.
- **Quick Actions:** Approve or reject uniform orders directly from the dashboard.
- **Real-Time Alerts:** Low stock notifications and pending approval reminders.
- **Analytics & Reports:** Graphs and charts showing monthly uniform usage and trends.
- **Role-Based Access Control:** Separate views for Admins, Store Managers, and Drivers.

Notifications

- Email & WhatsApp status updates.
- Low stock alerts to admins.
- Delivery confirmations.

Reporting & Analytics

- Monthly, quarterly, and yearly reports.
- Excel/PDF export of all reports.
- Stock and order movement analytics.

Benefits

- **Efficiency:** Reduced manual work.
- **Transparency:** Clear tracking of stock & orders.
- **Cost Control:** Optimal inventory use.
- **Accountability:** Complete audit trail.
- **Communication:** Instant updates to stakeholders.

Training & Support

- **Training:**
 - 1-day remote training for all roles (Admin, Store Manager, Driver).
 - System manual in English and Arabic.
 - Recorded video tutorials for future reference.
- **Support:**

- 6 months of free technical support for bug fixes and minor updates.
- Optional AMC at 15% of the total invoice per year.

Implementation Plan

Phase	Activity	Timeline
1	Requirement Analysis & UI/UX Design	1 Week
2	Backend & Database Development	3 Weeks
3	Frontend Development	3 Weeks
4	Notification & API Integration	2 Week
5	Testing & UAT	1 Week
6	Deployment & Training	1 Week

Total Duration: 8 Weeks

Commercial

In consideration of the Services provided by Ecogo under this proposal, the client agrees to pay as per the breakdown listed below.

Item	Qty	Rate	Amount (QR)
Uniform Management Software for Ambulance Driver Uniform Supply	1	5900.00	5900.00
Annual Maintenance Charge (Optional)	3	885.00	2655.00
Sub Total			QR 8555.00
Total			QR 8555.00

Payment Terms

- **50%** – Upon Contract Signing.
- **35%** – Upon UAT Approval.
- **15%** – Upon Final Delivery & Training Completion.

Terms & Conditions

1. Delayed payments may result in suspension of services until dues are cleared.
2. AMC includes bug fixes, minor updates, and technical support. Major feature upgrades are excluded from AMC and will be quoted separately.
3. The client is responsible for providing accurate requirements and feedback within agreed timelines.
4. Payment must be cleared within **7 days** of invoice date.

5. Hosting, domain, WhatsApp Business API charges, and email service costs are excluded unless specified in the proposal.
6. Any third-party service or license fee will be borne by the client.
7. AMC (Optional): 15% of total invoice per year after 6 months of free support.
8. Ecogo Standard Terms & Conditions will apply.

Exclusions

The following items are **not included** in this proposal unless explicitly agreed upon:

- WhatsApp Business API account setup and charges.
- Email hosting and SMTP service costs.
- Integration with third-party hospital ERP unless specified.
- Multi-language support beyond English & Arabic (unless agreed).
- On-site support beyond initial training sessions.
- Hosting & Server cost are excluded.

Support & Maintenance

- **Free Support:** 6 months post-launch for bug fixes and minor updates.
- **AMC:** Optional at 15% of the total invoice per year.

Conclusion

By implementing this web based system, MSC Qatar will modernize its uniform management process, improve operational efficiency, and ensure timely distribution to all ambulance drivers.

We are committed to delivering a high-quality, secure, and scalable solution that meets your operational needs.
