Exclusions

- Any **third-party API charges**, SMS/Email/WhatsApp service charges, or licensing fees are not included.
- **Server infrastructure and cloud hosting** are excluded
- **GST/taxes** as applicable, will be charged in addition to the proposal amount.

- Flight booking includes integration with one provider. Additional providers will be charged separately.
- Hotel booking includes integration with one provider. Any additional provider integrations beyond this scope will be charged separately.
- Activity booking includes integration with one provider. Any additional provider integrations beyond this scope will be charged separately.
- The client must provide timely access, content, and credentials for API integrations and testing.
- Post 3-month support is included, an **AMC (Annual Maintenance Contract)** can be optionally signed for extended support.
- Delays due to **dependency on third parties** (e.g., provider credentials, payment gateway approval) are not ecogo responsibility.
- Project timeline and delivery depend on timely approvals, feedback, and milestone payments.
- The complete project source code will be handed over to the client after payment and project completion.
- Ecogo Standard terms & conditions will be apply.

Warranty Information

- A **warranty period of 3 months** is included post-deployment.
- The warranty covers:
 - Bug fixes for issues reported within the original agreed scope.
 - Support for system failures or errors due to logic faults in our implementation.
 - Performance optimizations (within reason) if part of original features.
- The warranty **does not cover**:
 - New feature requests or changes in requirements.
 - Issues caused by server misconfiguration after handover.
 - Failures due to changes in third-party APIs without prior notice.
- Support during the warranty period will be via email and ticket-based system, with a response SLA of 24–48 hours.
